3. Key Assets & Latest Emaar Projects³

A few strategic assets include:

- **Burj Khalifa:** the world's tallest building and an iconic symbol of Dubai's skyline, offering luxurious residences, corporate suites, and the renowned "At The Top" observation decks.

³ Emaar Properties (2025) Latest Launches, Emaar Properties PJSC. Available at: <https://properties.emaar.com/en/latest-launches/>

- **Dubai Mall:** one of the largest shopping and entertainment destinations globally, featuring over 1,200 retail outlets, world-class attractions, and direct access to The Burj Khalifa and The Dubai Fountain.

- **Dubai Hills:** Spanning 2,700 acres within Mohammed Bin Rashid City, this mixed-use development is known as the “Green Heart of Dubai” , featuring luxurious apartments and villas amidst lush greenery and an 18-hole championship golf course.
- **Dubai Creek Harbour:** Situated along the historic Dubai Creek, this 7.4 million sqm waterfront community integrates residential spaces with 500,000 sqm of parks and open areas, redefining urban living with innovative designs and expansive promenades.

- **EMAAR South:** Located in Dubai South, this dynamic residential community offers beautifully designed homes surrounded by picturesque green landscapes and top-tier amenities, including a championship golf course, promoting a balance of nature and leisure.
- **The Valley:** A quaint new town consisting of modern townhouses and twin-villa complexes, The Valley provides a serene environment with vast shimmering sands

and lush green spaces, designed for a harmonious blend of natural beauty and modern living.

- **EMAAR Beachfront:** This meticulously master-planned waterfront haven combines cosmopolitan living with a luxury seaside lifestyle, offering residents exclusive access to a 1.5 km private beach and stunning views of the Arabian Sea.
- **Dubai Marina:** An iconic waterfront community featuring a 3.5 km canal lined with luxury yachts, Dubai Marina offers sleek skyscrapers, vibrant promenades with cafès and boutique shops, and a dynamic nightlife, epitomizing the vibrancy of waterfront living.

4. Industry & Market Trends (Real Estate – UAE Focus)

Macro Trends:

- Post-COVID recovery has fueled **demand for luxury real estate**⁴
- Expo 2020 Dubai legacy still boosting construction and tourism⁵
- Interest rates hikes -> mixed impact (costlier mortgages vs. more investors looking for hard assets).
